Saurab Chhachhi

POSTGRADUATE RESEARCHER · CONTROL AND POWER GROUP, IMPERIAL COLLEGE LONDON

Imperial College London, Dept. Electrical and Electronic Engineering, SW7 2AZ, London, UK

✉ saurab.chhachhi@gmail.com | ⬡ saurabac | in saurab-chhachhi-4a627b69

Education

Imperial College London   *London, UK*

PHD ELECTRICAL AND ELECTRONIC ENGINEERING   *2019 - 2023*

- Thesis Title: Balancing Privacy and Data Access: An Interdisciplinary Approach for Differentially-Private Smart Meter Data
- Developed privacy-preserving mechanisms for data valuation and procurement using incentive mechanism design theory, machine learning and mathematical optimisation techniques.
- Investigated valuation frameworks for smart meter data from the perspective of the system, suppliers, and consumers.
- Designed and deployed discrete choice experiment to estimate consumer privacy valuations for smart meter data including the quantification of behavioural effects such as information asymmetries and policy framing.

Imperial College London   *London, UK*

MENG ELECTRICAL AND ELECTRONIC ENGINEERING - *First Class Honours*   *2011 - 2015*

- Thesis Title: Data Center Demand Response through Geographical Load Balancing
- Techno-economic study investigating data center participation in distribution grid level demand response programs, through their locational flexibility, to facilitate increased renewable generation.

Research Employment

Energy Futures Lab, Imperial College London   *London, UK*

RESEARCH ASSISTANT - *Smart Meter Data under Privacy Concerns*   *2020 - 2023*

- Assisted in grant writing to secure funding for nationally representative survey on consumer privacy concerns and production of a policy briefing paper on privacy-preserving techniques for smart meter data.
- Led and managed project including writing interim and final reports, budget management and liaison with external partners.

Holst Centre/imec   *Eindhoven, NL*

INTERN - *Characterisation and Readout for AlGaN based NOx Sensing with Integrated Heating*   *2014*

- Developed a readout and control circuit for novel low-power nitrogen oxide gas sensors for continuous air quality monitoring.
- Presented product to partner institutions which were trialled in Lisbon, PT.

Publications

PUBLISHED

S. Chhachhi and F. Teng, "Market value of differentially-private smart meter data," in 2021 IEEE Power & Energy Society Innovative Smart Grid Technologies Conference (ISGT), IEEE, Feb. 2021, pp. 1–5, isbn: 978-1-7281-8897-3, `doi: 10.1109/ISGT49243.2021.9372228`.

S. Chhachhi, F. Teng, P. Ge, J. Graham, and D. Gunduz, "Balancing privacy and access to smart meter data: An Energy Futures Lab briefing paper," Imperial College London, pp. 1–64, May 2022, `doi: 10.25561/96974`.

R. Hledik, P. Bagci, and **S. Chhachhi**, "Two Paths for Advancing Great Britain's Smart Metering Programme," The Brattle Group, Dec. 2018, coi: 20.500.12592/6gcngb

IN REVIEW

S. Chhachhi and F. Teng, "On the 1-Wasserstein distance between location-scale distributions and the effect of differential privacy," arXiv preprint, Apr. 2023, `doi: 10.48550/arXiv.2304.14869`.

IN PREPARATION

S. Chhachhi and F. Teng, "Wasserstein distance based market for differentially-private data," Working Paper to be submitted to Journal of Machine Learning Research (JMLR), Nov. 2024.

S. Chhachhi and F. Teng, "Wasserstein distance based joint energy and data differentially private smart meter data market," Working Paper to be submitted to IEEE Transactions on Smart Grids, Nov. 2024

S. Chhachhi and F. Teng, "Willingness-to-Pay/Accept for Smart Meter Data Privacy: The Effect of Framing and Information Asymmetries," Working Paper to be submitted to Nature Energy, Dec. 2024.

Skills

Software Python (inc. NumPy, sci-kit learn, Keras), Gurobi, R, LaTeX, Excel + VBA, MATLAB, STATA

Languages English (Fluent), Dutch (Fluent), Hindi (Fluent)

Techniques Optimisation, Game Theory, Machine Learning, Econometrics, Financial Modelling, Grant Writing

Awards, Fellowships, & Grants

2021	**Strategic Priorities Fund 2021-22**, Research England UKRI	*£10,000*
2019	**Fully-Funded Studentship**, London Interdisciplinary Social Science DTP, ERSC ES/P000703/1:2113082	

Presentations

INVITED TALKS

May 2024. *Wasserstein Distance Based Market for Differentially-Private Data Trading*. EURO 2024, Copenhagen, DK.

May 2022. *Balancing Privacy and Access to Smart Meter Data*. Energy Futures Lab, London, UK.

CONTRIBUTED PRESENTATIONS

S. Chhachhi and F. Teng, "Market value of differentially-private smart meter data," in 2021 IEEE Power & Energy Society Innovative Smart Grid Technologies Conference (ISGT), IEEE, Feb. 2021

Teaching Experience

March 2023	**Digitalisation and Data Privacy in Energy Systems, Msc Sustainable Energy Futures**, Graduate Teaching Assistant/Lecturer	
March 2022	**Digitalisation and Data Privacy in Energy Systems, Msc Sustainable Energy Futures**, Graduate Teaching Assistant	

Employment

The Brattle Group - *Economic Consultancy* *London, UK*
SENIOR RESEARCH ANALYST *2016-2018*
- Analysed regulatory regime in Spain for renewable generation, including valuation of over 100 solar, hydro and wind assets.
- Reviewed the UK's Smart Meter Roll-Out, identifying potential risks and developing risk mitigation strategies.
- Modelled regulatory changes in district heating and electricity sectors in Lithuania including valuations of biofuel plants.
- Analysed of the impact of government intervention on foreign currency indexation of loans in Croatia including the modelling of consumer loans and projection of macro economic conditions.

Sunchine Ltd. - *Quality Control for Solar PV* *The Hague, NL/ Bangalore, IND*
RESEARCH CONSULTANT *2016-2016*
- Conducted market research on Indian PV sector including tracking of market trends, policy analysis and company profiling.
- Developed, and managed an end-to-end quality assurance package for solar modules integrating in-line inspection, transportation and installation for a 4MW plants in India.
- Developed discounted cashflow models to investigate the feasibility of rooftop solar in various states across India.

e.quinox - *Social Enterprise for Rural Electrification* *London, UK/ Kigali, RW*

VICE-CHAIRPERSON *2012-2015*

- Managed a team working on evaluating and streamlining existing solutions to reduce costs and improve usability.
- Developed a battery evaluation mechanism through a composite comparison index and automated test-benching platform.
- Liaised with local village authorities and government officials to evaluate the current impact and future expansion.

Professional Development

OUTREACH

S. Chhachhi "Remote working: implications for the electricity network and emissions," The London Journal of Energy, Winter 2020/Illuminem Voices Jul. 2021

TRAINING & DEVELOPMENT

COWork Summer School, Two week online workshop on computational optimisation techniques. 2020

DTU, Advanced Optimization and Game Theory for Energy Systems (audit). 2021

Imperial Graduate School, Research Computing, Research Publication & Maximising Your Management Skills. 2019-2021

DTU CEE Summer School Data-Driven Analytics and Optimization for Energy Systems. Cancelled due to Covid-19. 2020

LISS DTP Training Courses, Intro to Qualitative Research and Qualitative Data Analysis. 2019.

AQMEN Workshop Series, Data Wrangling, Predictive Data Analysis, Data Visualisation, London/Edinburgh, 2019

ACADEMIC ACTIVITIES

Reviewer, IEEE Transactions on Power Systems, Sustainable Cities

Member, IEEE, IEEE PES
